COUNCILMEN HOLD A BUSY SESSION

Decide Not to Build Ninth Street
Sewer—Not Sufficient Funds
To Make Improvement.

WIRES MUST BE INSULATED

Matter of Having Gayser and Feters
Ditches Dredged to be Taken
up With Commissioners.

The regular session of the city council held Wednesday evening was an unusually busy one many important matters having come before the councilmen for their consideration. The session lasted for two hours.

The committee appointed to investigate the proposition of laying a fifteen inch sewer along Ninth street for four hundred feet made an unfavorable report and when the matter was brought before the council it was voted down. The improvement was requested by the officers of the Seymour Athletic Association in an effort to get proper drainage for the new athletic field that is being built. The members of the committee estimated the cost of the improvement at \$800 and the majority of the councilmen were opposed to it on the grounds that the city has not sufficient funds to go ahead with the work.

Councilman John Goodale reported that much damage had been done to shade trees in the city by electric light wires that had the insulation worn off. A motion passed the council to have the city mayor and city attorney instruct the Public Service Company to see that all wires were properly insulated as soon as possible. It was pointed out by several that shade trees had been damaged by the live wires all over the city.

Councilman Goodale also reported that several complaints had been

ST. LOUIS CROSSING MEN BELIEVE THEY SAW BERGDOLL

Two Fashionably Dressed Young Men
in High Powered Car Arouse
Suspicion.

Two fashionably dressed young men driving a high-powered car caused considerable excitement at St. Louis Crossing, Bartholomew county, yesterday as residents who saw them, say one resembled Grover Bergdoll, the millionaire draft dodger who is being hunted all over the country. The young men stopped at St. Louis Crossing long enough to inquire the way to Shelbyville and seemed somewhat nervous while talking to residents there. Some of the residents who talked with the men say that one looked exactly like the picture published of Bergdoll. Shelbyville officers were notified of the St. Louis Crossing residents discovery but the men have not been heard of since they drove out of that village.

David B. Robertson Expires at Home
in Dupree, South Dakota,
Wednesday.

Word has been received here of the death of David B. Robertson, a former resident of this city which occurred at his home at Dupree, South Dakota, Wednesday following a short illness. The body will be brought to this city for burial and is expected to arrive Friday afternoon over the Pennsylvania railroad. The funeral arrangements have not been completed.

Mr. Robertson is survived by a widow and one son. He left this city about ten years ago for South Dakota. The deceased is a member of the local Woodman lodge. Mr. Robertson was 64 years old and was born and raised in Jackson county.

RAVAGES OF ARMY WORM CONTINUE

Fields of Timothy and Young Corn
Especially Favored by the
Devourers.

WORMS WORK ONLY AT NIGHT

All Tender Green Blades Eaten—
Purdue Suggests Remedy to
Meet Pest.

In the Republican office window are some stalks of timothy and a few worms taken from the field of Wm. Quadde near Cortland, after the field had been invaded by the army worm. The worms appear in great numbers. As they cross the field they eat the blades and head of the timothy leaving only the naked stalk. During the day there is no sign of their presence but at night they come out and in a few hours have destroyed an entire field.

The army worm has appeared in several parts of Jackson county during the last ten days. Timothy fields and young corn are their special targets for destruction. Wheat and clover are so well advanced that these crops are not seriously affected. Several fields of corn are reported as being destroyed in a single night.

Several farmers in Carr township are destroying the worms by plowing trenches into which poison is placed.

In reply to an inquiry, Purdue recommends that a deep furrow be plowed across the field in front of the army worms and that the dirt in the trench be pulverized so that the worms are unable to crawl out, and they remain in the trench where they could easily be destroyed by simple means.

Purdue also recommended laying poison of the following composition, 100 pounds of bran with four pounds of Paris Green, mixed dry, then add three gallons of cheap molasses and sufficient water to make a paste and scatter the poison in the field. But this plan is not thought advisable where poultry has access to the fields.

Men who recall former visits of the army worm declare that firing a gun across the front of their line of march will cause them to turn back in their course and that for this reason they were given the name of army worm.

ALEXANDER SCOTT BURIED WEDNESDAY AFTERNOON

Funeral Service of Prominent Owen
Township Man Held From Clear-
spring Baptist Church.

The funeral of Alexander Scott, a resident of Owen township, was held Wednesday afternoon from the Baptist church in Clearspring. Mr. Scott died Monday morning at 11:30 o'clock at the home of his daughter, Mrs. Horace Payne, Clearspring, after an illness of several months with leakage of the heart. He was born February 26, 1843, making his age 77 years, 3 months and 6 days.

He is survived by two sons, James and Ezra Scott, one daughter, Mrs. Horace Payne, all of Owen township, one brother, John Scott, Ansel, Neb., and two sisters, Mrs. Nancy Owens, or Kansas, and Mrs. Martha Harrell, of Winterset, Ia.

In order to get prompt reports from farmers regarding the amount of live stock they have on their farms on a given date, the Indiana Federation of Farmers Associations, will follow a new plan in the future, according to an announcement made by officers of the state organization.

The method used in the first attempt to gather the desired statistics on Indiana live stock was a failure because farmers did not give information in their reports that were requested and many failed to make any report at all. The first report was covering the quarter ending March 31 and individual sheets are still being received at the state head-

SHALE HILL EMPLOYES ARE PAINFULLY INJURED

Elmer Owens Severs Three Toes from
Foot With Axe—Floyd Frank-
lin has Similar Accident.

Elmer Owens, age 32, and Floyd Franklin, age 18, met with similar accidents while working at the Lehigh shale quarry, near Brownstown, Tuesday when both severely cut their feet with axes. Owens severed three toes from his left foot.

Both men were at work clearing some of the company's shale land and were scoring cross ties when the accidents happened. Franklin met with his accident about 8 o'clock Tuesday morning and Owens was injured about 3 o'clock Tuesday afternoon. Franklin cut a deep wound in his right foot when he made a mislick with the axe he was using. Five stitches were taken by the physician to close up the injury. Both men will be unable to work for several days.

MOVEMENT TO UNITE REPUBLICAN FORCES

Walter Brown Behind Move to Win
Active Support of All
Progressives.

(By Raymond Clapper)
United Press, Correspondent.

Washington, June 17.—A movement to unite solidly behind the presidential candidacy of Senator Warren G. Harding former Bull Moose as well as more conservative Republicans, was under way today. The decision to start such a movement was apparently reached by Harding himself and is the first important one of his presidential campaign.

Walter Brown, of Toledo, who was active in the Bull Moose movement in 1912, has been assigned the job of winning the active support of all progressives. Brown was preparing to go out on his mission today.

"I think you will find the progressives will be united behind Senator Harding," Brown said.

PLUMB PLAN ADOPTED BY LABOR CONVENTION

Voting Follows Bitterest Fight That
Has Torn Organized Labor
in Years.

By United Press.

Montreal, Quebec, Canada, June 17.—Government ownership and "democratic operation" of railroads was demanded in a resolution passed today by the annual convention of the American Federation of Labor. The language of the resolution was the language of the Plumb Plan League, although the league was not specifically mentioned.

The vote was 29,059 to 8,349. It came at the end of a two days' battle, the bitterest that has torn organized labor in years.

The result was a complete defeat of Samuel Gompers, president of the federation. It is regarded as the only real set back Gompers has received in years.

Cheers shook the convention hall when the vote was announced. Miners and railroad workers combined to bring about Gompers' defeat.

Gompers claimed that under government ownership 2,000,000 railroad workers would become government employees. Government employees, he declared were deprived of many political and economical rights under Presidents Cleveland, Roosevelt and Taft.

Among those who opposed Gompers were Secretary Morrison, Secretary Green, of the miners, president W. H. Johnston, of the international machinists union, and delegate James Franklin, of the boiler makers union.

The Gompers faction early in the fight raised the claim of "socialism of American industries." They made it clear that they favored government control but were opposed to government ownership.

GRAND STAND CONTRACT TO BE AWARDED TODAY

Much Work Has Been Done at New
Athletic Park During This
Week.

Fred Able, president of the Seymour Athletic Association, stated that the contract for the grand stand would probably be awarded this evening. It is understood that several contractors have bid on the contract.

Much work has been done at the athletic field this week putting it in shape so that it will be ready for use at the earliest possible date. Men with teams have been putting the ground in shape for the ball diamond.

Already the officers of the athletic association have received letters from some of the best amateur ball clubs in the state wanting to arrange a game with Seymour. As soon as the building of the athletic park is well underway and some assurance as to when it will be completed can be had the officers will start booking games.

WILL HAVE CANDIDATE

Prohibition Party Is Planning A
Presidential Ticket.

By United Press.

Chicago, Ill., June 17.—The prohibition party is planning a presidential ticket, Virgil Hinshaw, chairman of the prohibition national committee declared here today. "Little hope is held that the democrats will put up a one hundred per cent. prohibition ticket," said Hinshaw. "We want something more than a candidate," he said. "We want a dry plank and a dry ticket."

The republican dry leaders are charged with having "ducked" the issue.

GOMPERS OPPOSED TO PLUMB PLAN

Control by the Government, Is Aim
of President of American Fed-
eration of Labor.

NIGHT CAUCAUSES HELD

Endorsement Fight Might be Begin-
ning of Big Fight for Control
of Labor Movement.

By United Press.

Montreal, June 17.—Socialization of American industry is the issue involved in the fight over the endorsement of the Plumb plan for government ownership of railroads to be forced today in the annual convention of the American federation of labor here.

The faction headed by Samuel Gompers declared "apply this plan to the railroads and you must have government ownership of mines and factories," said John Frex, a Gompers supporter.

Control by the government, is the aim of President Gompers and his supporters. Ownership, to insure democratic operation is the demand of the railroad group headed by President S. E. Eberling, of the Switchmen's union; President Wm. H. Johnson, of the International machinists union, and other railroad delegates who yesterday forced a coalition to win endorsement for the plumb plan.

The Gompers supporters and the railroad group leaders arrived at the convention this morning worn out by a night of caucuses.

Endorsement of the Plumb plan would mean a drastic defeat for President Gompers, the first in many years, and put organized labor of the U. S. squarely behind the plumb plan league. The league is controlled by the Big Four railroad brotherhoods, not affiliated with the A. F. of L. and ten other organizations which are affiliated, whose affiliations are conducting the fight on the convention.

Gompers is claimed as honorary chairman by the Plumb plan league. The campaign to gain endorsement began late yesterday when the resolutions committee reported on a measure for government ownership. A majority of the committee is controlled by President Gompers.

A minority report amending the committee recommendation so that the resolution read as originally introduced was brought to the floor.

Gompers summarily adjourned the convention under a rule requiring sessions to close at 5:30 p. m. The measure also called for repeal of the Esch Cummins act, approved by the convention several days ago. Leaders today hinted that the endorsement fight might be the beginning of a long battle between the American Federation and the Big Four brotherhoods for control of the labor movement in the United States.

SCHMITT TAKES STAND IN HIS OWN BEHALF

Evansville "Whiskey Ring" Case
Placed in Hands of Jury This
Afternoon.

By United Press.

Indianapolis, June 17.—Edgar Schmitt, chief of the Evansville police, took the witness stand in his own defense and made a sweeping denial of all testimony implicating him in the Evansville "whiskey ring" case.

Final arguments began shortly before noon and the jury was expected to receive the case today, probably about 4 o'clock.

The jury's verdict will affect only five of the seventy-eight defendants named in the indictment which charges them with conspiracy to transport liquor from Kentucky to Indiana.

Judge Anderson with the consent of the government, instructed the jury to find five of the defendants not guilty. He also dismissed the cases against Sheriff Herbert Males and Deputy Sheriff Charles Ruhl.

Early in the day two of the defendants changed their pleas to guilty. They were James Trautwein and Wm. Fuchs, city detectives and members of the Evansville "booze squad."

SPECIAL SESSION WILL BE CALLED

Governor Goodrich Expected to Issue
Formal Call Soon—Plans
Being Made.

EARLY MEETING EXPECTED

\$300,000, or More, Needed to Defray
Expenses of the State
Institutions.

By United Press.

Indianapolis, June 17.—The Indiana legislature will be called into special session in the near future to appropriate \$300,000 or more to maintain the state institutions. It will also be called upon to authorize the action of state auditor Otto Klauss in transferring \$290,000 from the general fund to the institutional maintenance fund.

Governor James P. Goodrich today was arranging for the special session and preparing to issue the call. He has not yet decided on the date he said today but it probably will come early next week. He will send out the call to legislators as soon as he can make the necessary arrangement.

The session will be of indefinite length Governor Goodrich said. He will make no effort to act on prescribed program but he will ask them in his message to take up appropriation measures to provide immediate relief to state institutions.

The immediate need demanding the special session is the condition of the institutional maintenance fund.

The Governor was at work at his office in the Statehouse today making preparations for calling the session.

"I can not at this time say just what matters I will include in my message to the Legislature," the Governor said. "All I can say is that it is definitely determined to call the session as soon as possible. I am determined to issue the call at the earliest possible moment, but I can not say at this time what the exact date will be."

Republican leaders declared yesterday that not only would the unreasonable time tend to limit the session, but that the Republican members, who are in control, will not be inclined to do anything that will embarrass the party in November. There was an expression of regret that the session had to be called at the outset of a campaign, but the prevailing sentiment was that if one must be called, the sooner the better.

An ordinance has been introduced in the city council at Washington fixing the license for carnivals, traveling shows, etc., \$100 for each day or part of a day for exhibiting in the city or within one mile of corporation limits. THE SWIMMING POOL.

The investment in the municipal swimming pool at the city park has been worth all its cost and more. There has not been a death among our boys from drowning in White river since the pool was opened. Prior to that time an average of about two boys per year was the toll taken by the river every summer. The saving of a single life cannot be counted in dollars and cents, and when that saving is doubled by two every season, it becomes impossible to estimate the returns by any standard value to the community. The swimming pool is under constant supervision by a competent guard. In case an inexperienced swimmer gets beyond his depth, as sometimes will happen, there is help ready before any harm can come to the lads.

The steady improvement of the park as a pleasure resort and a recreation center for the community is going on as rapidly as the funds at the disposal of the park committee will permit.

The refusal of the American Federation of Labor this week to endorse a movement calling upon the United States government to recognize the soviet government of Russia stamps that body as fundamentally sound. Laboring men are Americans at heart and are not to be led away even by the noise of some of their would-be leaders who are seeking to subvert their organizations to un-American policies and principles. The report of the resolutions committee declared the federation would not be "justified in taking any action that might be construed as an assistance to or approval of, the soviet government, so long as it is based upon authority which has not been vested in it by a popular national representative assembly of the Russian people, or so long as it endeavors to create revolution in well-established civilized nations of the world, or so long as it advocates and applies militarism to labor and prevents the organizing and functioning of trades unions and maintenance of the free speech, free press and free public assemblies."

Thomas Taggart, leader of the democratic party in Indiana, has a good word for Senator Harding, as follows: "While serving a short term in the United States senate I became acquainted with Senator Harding, and, in my judgment, when it comes to brains and ability, he is the peer of any republican in that body." Mr. Taggart is an uncompromising partisan but has the habit now and then of saying nice things

about republican leaders who are particularly able and worthy.

By the way, how soon may we expect the "great white way" to be a real "white way"?

Tom Humes and Jerome Boyles have gone to Indianapolis to spend the summer.

Mrs. Ada Anderson, Mrs. H. G. Stratton and daughter, Jerry, who have been spending several months in Chicago, are expected to return to this city this evening.

Mrs. Jacob White spent today in Indianapolis. She was accompanied to Indianapolis by her grand-daughter,

Dr. B. S. Shinness was called to Jefferson county Wednesday night because of the serious illness of his mother. Mrs. Shinness has been quite ill for some time and has suffered a relapse.

On a Hot Day the CHALMERS Runs Cool with Hot Spot and Ram's-horn

THE reason the Chalmers runs cool on a hot day is the very same reason a Chalmers starts quickly and runs smoothly on a cold day. Service records show no complaints of over-heating in summer.

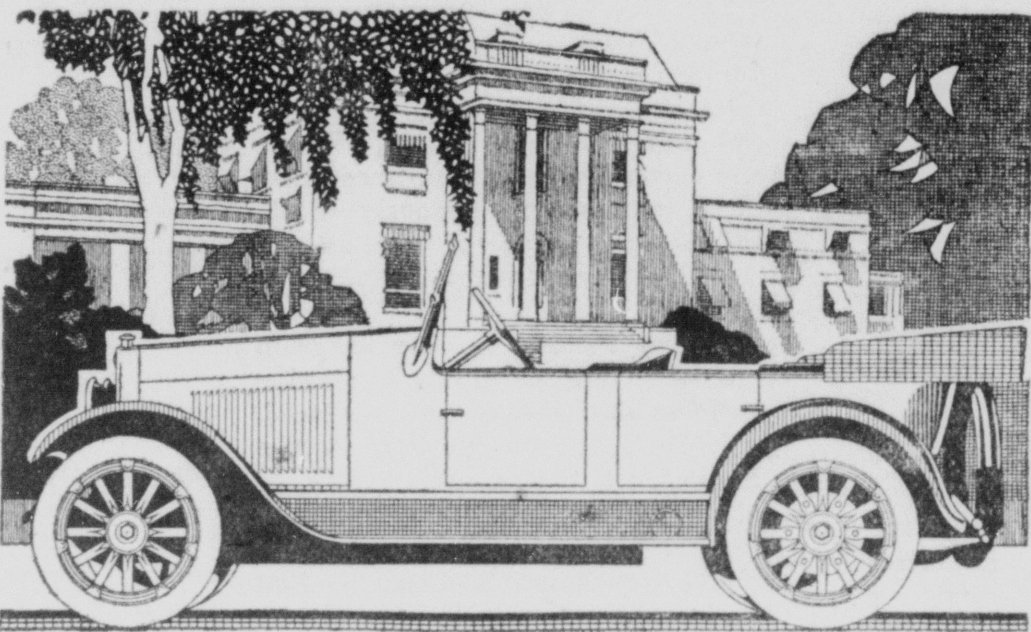

Such trouble in other cars comes from unevenness of the charges, "improperly digested fuel," and other matters often attributed to the raw, heavy, inferior gasoline you buy today.

Hot Spot transforms such "gas" into a "fine vapor cloud," just right for quick combustion.

Ram's-horn hurries it at a velocity of 100 miles an hour through "easy air bends" to the cylinders.

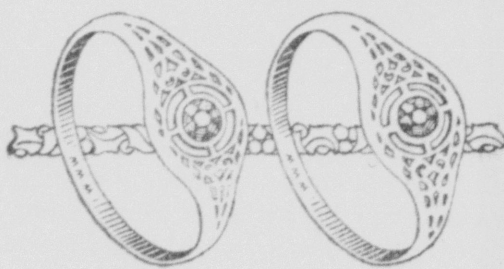

Thus follow power results that are smooth and even; and notably absent are those troubles that cause an engine to overheat, or burned bearings, or scored cylinders, or frequently fouled spark plugs and the like.

Engage a Chalmers owner in conversation about his car. He will tell you Chalmers is one of the few great cars of the world.

SOCIAL EVENTS

ALBERTSON—WEDDELL.
Miss Stella Albertson and Luther
Weddell, both of Vallonia, were mar-
ried at high noon Saturday, June 12,
at the home of the bride's parents.
The ring ceremony was performed
by Rev. T. W. Grafton, pastor of the
Third Christian church, Indianap-
olis.

The bride wore ivory crepe and
carried Ophelia roses. The attend-
ants were Miss Amanda Albertson,
sister of the bride, and Cecil Albert-
son, brother of the bride. Miss Al-
bertson wore pink organdie and car-
ried roses.

The bride is the daughter of Mr.
and Mrs. E. P. Albertson and is well
known in this city.

Mr. and Mrs. Weddell have gone
to Detroit, Mich., where he is em-
ployed with the Packard Automobile
Company.

L. L. B. CLUB.

The Brownstown L. L. B. Club will
meet Friday evening at the home of

held on Friday evenings of each
week. The club members are Misses
Mary Virginia McOsler, Pauline
McCord, Gertrude Lucas, Vivian
Heller, Esther Ball, Virginia Kieffer,
Helen Foster, Jessie Browning,
Gladys and Dorothy Heller.

KING—ORMAN.

Announcements have been received
of the marriage of Miss Ruth Orman
and Herbert A. King, which took
place Thursday, June 10, in Indian-
apolis. The groom is the son of Wil-
lam A. King, of Crothersville, and is
employed with the American Gar-
ment Company, Indianapolis, where
they will make their home.

ATTEND WEDDING.

Misses Edna Kasting and Elma
Naffe have gone to Louisville to at-
tend the wedding of Miss Minnie
Kessler and Louis Huber, which will
take place this evening at 8:30
o'clock in the Floral Heights Pres-
byterian church.

PROVOKE CASE TRIED.

**Mrs. Anna Waggoner Acquitted of
Charge in City Court.**

The case of the state vs. Mrs.
Anna Waggoner, charged with pro-
voke, was tried in city court this
morning before Mayor C. W. Burkart
which resulted in a victory for the
defendant, she having been acquit-
ted. Mrs. Effie Gibson was the pro-
secuting witness. Several witnesses
were called to testify in the case.

BURMESE FOND OF ANIMALS

Characteristic That Might Well Be
Copied by Other Nations More
Highly Civilized.

The Burmese people naturally are
full of the greatest sympathy toward
animals of all kinds, understand their
ways, and make them feel they are
their friends. And we know that if a
person is kind to animals he is gen-
erally kind to his fellowman.

A Burmese boy would never be al-
lowed to go bird-hunting or rattling
with a terrier, or ferreting rabbits.
These would be crimes.

A Burman hates to kill. Neither for
sport, nor for revenge, nor for food,
must any animal be deprived of the
breath that is in it.

All the animals—the ponies, the cat-
tle and the working buffaloes are so
tame that it is an almost unknown
thing for anyone to get hurt. You
can walk through the herds of an eve-
ning in perfect safety, for they will
not attempt to touch you.

Many of our growing boys think it
a grand thing to be indifferent to
pain—not only their own but to that
of all others. To be sorry for a wound-
ed dog or a hunted hare seems "girly"
to them. But to the Burman kind-
ness to animals is the highest of all
virtues. He believes that nothing of
great value can exist without com-
passion and love and sympathy—that
these make up all that is most beau-
tiful in life.

I think we can take a lesson from
the Burmese in their dealings with
dumb animals.—The Young Soldier.

GIRLS! MAKE A LEMON BLEACH

Lemons Whiten and Double
Beauty of the Skin

Squeeze the juice of two lemons into
a bottle containing three ounces of
Orchard White which can be had at any
drug store, shake well and you have a
quartern pint of harmless and delightful
lemon bleach for few cents.

Massage this sweetly fragrant lotion
into the face, neck, arms and hands each
day, then shortly note the beauty of
your skin.

Famous stage beauties use lemon juice
to bleach and bring that soft, clear,
rosy-white complexion. Lemons have
always been used as a freckle, sunburn
and tan remover. Make this up and try it.

Dependable Power

IN your travels about the country, when any one asks you about the Midwest Engine Company, purely in a spirit of co-operation with the industries of your home State, tell him: (1) that the Midwest Engine Company is one of the largest producers of motive power in the world; (2) that its products are recognized for their engineering correctness, and quality of service, and (3) that the Midwest organization has developed to a point where its work ranks with the finest produced.

city. A number of citizens were present at the council meeting whose cellars and basements had been flooded by the heavy rain Monday night and asked that they be given some relief.

The council ordered that the Interstate Public Service Company be notified to install another light in the northeast part of Shields park. It was also ordered that the wires must not be attached to the trees and that a pole be erected. It was pointed out that the other lights in the park are attached to trees and this practice was ordered stopped.

A remonstrance was filed by residents of Oak street against the proposed improvement which was petitioned for several weeks ago and as a result the council voted against it. The majority of property-owners do not want the improvement made at this time.

Several other matters were disposed of by the council before they adjourned.

LIBRARY NOTES

The hot summer days are here, and no doubt if you were free, you would hasten away to some cool pleasant place, but you aren't. Work and duty demand your presence, and chain you down to your accepted place.

But for compensation—there are books.

Books of romance and adventure. Books of travel and description. Books of all kinds.

Some of the best books are given in our Vacation Reading List. Ask to see this.

NEW BOOKS.

"A Golden Age of Authors"—By Ellsworth. Publisher of Century Magazine. The author has been in close touch with American men and women of letters through a long period, and the great number of literary personalities that figure in his book justifies the title.

"Personal Efficiency in Business"—Purinton. A good tonic for the person who is tired of his work or can see nothing ahead of him in it.

"Broome Street Straws"—Holliday. Amusing little sketches which begin with humble Broome Street, New York, its lodgings, restaurants and their frequenters.

NEW FICTION.

"Ann Veronica"—Wells. One of the books Wells wrote when he was still an unqualified radical. Ann Veronica is one of the most vividly drawn characters. A New Woman, yet a lovable woman.

"Colas Breugnot"—Rolland. Colas is the embodied artistry, humor and courage of France.

"Keywood Mystery"—Hay. A good detective story.

"Light of the Western Stars"—Grey.

"Kindred of the Dust"—Kyne. A love story of the great Northwest.

JUVENILE.

"Further Chronicles of Avonlea"—Montgomery. More stories of the delightful people of Avonlea.

"In the Great Apache Forest"—Schultz. An Indian story, also a Boy Scout and a Forest Service story.

This Illustrated Free Book

"The Modern Method of Decorating"

will be of great value to you and your decorator in planning the interior decorations of your home. It contains instructive articles on art in the home, color harmony, concrete information regarding the artistic finishing of your walls and ceilings.

All suggestions and practical advice come from experienced decorators. A great many color plates designed by leading artists vividly show attractively decorated rooms. You can plan your home from these illustrations and articles, from bathroom to parlor.

It also gives exact specifications for obtaining harmonious color effects with PEE GEE FLATKOATT, the modern durable, sanitary flat oil finish. It comes in 24 rich, deep, velvety colors, which are easily combined into the most charming color schemes.

A Cincinnati Market Quotation is an average of the day's prices

The Cincinnati market does not bait stock raisers with the few unusually high prices.

The practice of announcing prices paid for extra quality stock as the day's quotations, is strictly prohibited here.

Ship Your Stock To Cincinnati

Enjoy the many advantages the Cincinnati market offers you. You'll like the straight forward, courteous treatment that is liberally dispensed here.

Cincinnati Offers Stock Raisers

Higher prices—free market information by wire each day (the only market in the country that does this)—plenty of pen room—ample watering and unloading facilities—excellent hotel and banking accommodations,—prompt, square and courteous treatment.

The Break in Prices Has Come

New York Cloak Manufacturers Stand to Lose Millions of Dollars

Suits! Coats! Dresses! Skirts! Waists!

We were in position with low stocks and ready cash to take advantage of the enormous break in prices. Right now when YOU need these spring and summer garments. Our Mr. Berger went to New York last week to investigate the Women's Ready-to-Wear market, and of course to buy. IF —Well, to make our story short and so to speak, the market was "ripe." Not in all of our ten years as buyers of women's ready-to-wear have we seen such enormous stocks of Suits, Coats, Dresses, Skirts, etc. **RACK UPON RACK PACKED FULL.** Thousand upon thousand of garments of all kinds for women and misses. **NEVER BEFORE** did we find manufacturers so anxious to sell.

A Quick Sale and Ready Cash Did It

FOR OUR READY CASH we had the "pick" and choice of the best from the best cloak lines in New York City. But that part of this transaction is nothing unusual, as we always "pick" them, BUT NEVER BEFORE HAVE WE HAD SUCH AN UNLIMITED PICK AND CHOICE AT SUCH WONDERFUL PRICE CONCESSIONS.

You may not know, so let us tell you that Fashion Shop styles and qualities must be and always are "picked," that's why they stand out in a class all by themselves.

STYLE AND QUALITY IS OUR TRADE-MARK. Now let us tell you that price is absolutely NO temptation to the Fashion Shop unless it shows style and quality as well. These garments on sale are positively the smartest, "cleanest cut," most wonderful in style and most extraordinary in value of any garments put on sale since before the war. The break in prices has come and it has affected everything in our store, some things more than others.

WEATHER REPORT.

Fair tonight and Friday. Cooler in extreme south portion.

Mrs. Clara Rust, who went to New York to attend the commencement exercises at Columbia University, her daughter, Miss Grace Rust, being among the graduates, returned here Sunday accompanied by Miss Grace. The latter left Wednesday morning for Washington to visit her brother, J. W. Rust, and family. She was accompanied by her niece, Miss Gertrude McPherson.—Brownstown Banner.
